SOAR publications: acknowledgements and lists

Acknowledgements

To properly acknowledge the use of data obtained with the SOAR telescope in publications, whether partially or entirely based on SOAR data, please include an asterisk by the paper title referring to a footnote stating:

"Based on observations obtained at the Southern Astrophysical Research (SOAR) telescope, which is a joint project of the Ministério da Ciência, Tecnologia, Inovações e Comunicações do Brasil (MCTIC/LNA), the U.S. National Optical Astronomy Observatory (NOAO), the University of North Carolina at Chapel Hill (UNC), and Michigan State University (MSU)."

You can simply use the following LaTeX code:

Based on observations obtained at the Southern Astrophysical Research (SOAR) telescope, which is a joint project of the Ministério da Ciência, Tecnologia, Inovações e Comunicações do Brasil (MCTIC) do Brasil, the U.S. National Optical Astronomy Observatory (NOAO), the University of North Carolina at Chapel Hill (UNC), and Michigan State University (MSU).

This applies to all of the following publications: refereed papers, conference proceedings, SPIE Conference Series, PhD and Master theses, Bachelor theses and other undergraduate work, meeting (AAS) abstracts, circulars, and all ArXiv publications. Please note that when submitting to ArXiv, make sure you include the SOAR acknowledgement at the end of your submitted abstract.

We encourage observers to cite the papers describing the instruments they have used successfully. Here are the ADS links to the appropriate papers:

- SPARTAN - PASP paper: [Loh et al. \(2012\)](#) [4]

- SIFS - SPIE paper: [Lépine et al. \(2003\)](#) [5]

SOAR publications

We no longer maintain a separate list of SOAR publications, since NOAO is now keeping track of all refereed SOAR publications [here](#) [6], with SOAR publications specifically identified starting in FY 2017. These statistics remain important to us, so if you discover a published, refereed publication of yours is missing, please notify SOAR staff or notify the person in charge of NOAO publications (see the NOAO link for contact information). The original, separate [list of SOAR publications](#) [7] lists all publications through November 2016.
